

## CALL FOR ITMATI STAFF RECRUITMENT

### JOB VACANCY FOR SPECIFIC PROJECT OR SERVICE

**PROJECT:** “Modelling and Optimization of Gas transport networks”.

**JOB VACANCY REFERENCE:** ITMATI-OT-02/2020.

**DESCRIPTION OF JOB POSITION:** 1 full-time contract as **researcher** for a **research project**, in the framework of the agreement between ITMATI (Technological Institute for Industrial Mathematics) and a Company in the Energy sector.

**PRINCIPAL INVESTIGATORS:** Prof. Dr. Alfredo Bermúdez de Castro and Prof. Dr. Ángel González Rueda

**CANDIDATES PROFILE:** Engineers, Graduates, Masters or PhD related to Mathematics, Physics, Engineering and Computing.

#### MERITS AND REQUIREMENTS TO BE ASSESSED:

■ **Training and general experience to be assessed (40 points, all contributions must be documented).**

- Academic transcript of the degree or bachelor’s degree, engineering, PhD, master’s degree.
- Affinity of the qualifications of the candidate with the fields of Applied and Industrial Mathematics.
- Previous experience in mathematical modelling, numerical simulation, optimization and control, and in the implementation and computer validation of algorithms and numerical methods.
- Previous experience in mathematical modelling and transient numerical simulation of gas transportation networks
- English proficiency.

■ **Knowledge and additional and specific experience to be assessed (30 points, all contributions must be documented).**

At the time of assessing the submitted applications, experience in some of the following fields related to the research areas of the Project will also be taken into account, but it is not necessary to have experience in all of them:

**Instituto Tecnológico  
de Matemática Industrial**

[www.itmati.com](http://www.itmati.com)

Edif. Instituto Investigaciones Tecnológicas, planta -1

Rúa de Constantino Candeira s/n.

15782 Campus Vida / Santiago de Compostela.

[itmati@itmati.com](mailto:itmati@itmati.com) | Telf.: +34 881 813 357

- Experience in numerical resolution of ordinary differential equations (ODEs) and partial differential equations (PDEs).
- Numerical methods in optimization.
- Advanced knowledge and previous experience in the use of programming languages (C, Fortran, Python, etc.).

■ **Personal interview and letters of recommendation (30 points).**

Candidates achieving the best assessments according to the above criteria will be called to a personal interview and a test related to the functions of the position. In this third phase, the letters of recommendation that arrive for the candidate will be taken into account; only three letters of recommendation per candidate will be accepted, which must be sent directly by the person issuing the report and not the candidate himself. At least the three best rated candidates will be interviewed and between the two previous sections have reached at least 35 points.

**CONDITIONS:**

- Gross monthly salary: 1.750,00 € in 12 payments.
- Planned start date: April-May 2020.
- Duration and estimated date end of planned work: 6-8 months from the beginning of the hiring, subject to the granting of funds to carry out the project.
- Full time position.

**EVALUATION COMMITTEE:**

Candidate's applications will be assessed by an Evaluation Committee. This Committee will be made up of the scientific head of the Project, who will chair it, the scientific members of the project research team assigned to ITMATI, a researcher assigned to ITMATI who does not participate in the project and the secretary, who will be appointed by ITMATI. Final Evaluation Committee will be made public once the assessment of candidates is done, in the same document as selected candidates are announced.

**WORKPLACE:** ITMATI (Technological Institute for Industrial Mathematics), Campus Vida, Santiago de Compostela.

**SUBMISSION OF APPLICATIONS:**

People interested in this contract must send their applications before February 17th, 2020, 23:59 Spanish official time. Application should include a cover letter summarizing the applicant's career (general training and experience to be assessed, as well as additional merits referred to in the

call), a curriculum (with mobile phone and email), and the academic title and transcript of degree, master and/or doctorate; and the “*work life*” (which proves the professional merits that appear in the curriculum vitae). Letters of recommendation will only be accepted if they are sent directly by the person reporting (and not the candidate). All documentation must be sent to the following email address: [itmati@itmati.com](mailto:itmati@itmati.com) indicating the job vacancy reference ITMATI-OT-02/2020. The receipt of requests will be confirmed by email. Candidates who are invited to the interview phase must provide original documentation of the merits provided.

#### **DEADLINES AND RESOLUTION:**

Reception of applications: until February 17th, 2020 at 23:59 p.m, Madrid local time.

Evaluation of applications and personal interviews: second half of February 2020.

Resolution of the call: second half of February 2020.

#### **WAITING LIST**

After the resolution of this call, candidates who have not been selected but meet the requirements laid down therein will automatically become part of a “waiting list” for this call in order of merit, according to the requirements established in the call. This “waiting list” will be published the same day as the resolution of the call, and it remains in force during the full project lifetime. If it deems appropriate, the Evaluation Committee of this call may make use of the “waiting list” provided that any researcher leaves the Project voluntarily, and for the entire Project duration.

#### **CHARACTERISTICS OF CONTRACTS**

The personal hired through this call will be exclusively dedicated to carrying out the activities of the project that originate the call, so the duration of the contract is directly linked to the life of the specific project / activity, as well as to the existence of concrete financing derived from it. The contracts will have a temporary work character, and it will be carried out under the modality of work contract or service determined /for the realization of a specific project /activity within the framework of the Spanish Statute of Workers. The amounts contemplated may suffer the variations established by the norms applicable to them or by unexpected causes not initially foreseen.

#### **NATURE OF CONTRACTS**

The hiring does not imply any commitment regarding the subsequent incorporation to the ITMATI staff.

### SUBSIDIARY RESPONSABILITIES

People hired must maintain the confidentiality of the activity they carry out, as well as keep secrecy of all issues and issues inherent to it and of which they are aware.

### INCOMPATIBILITIES

The contracts subject to the call are subject, as far as their incompatibility regime, to the provisions of Law 53/1984, of December 26, on incompatibilities of the Personnel in the Service of Public Administrations.

All information regarding this call, as well as the resolution of this, will be published on the ITMATI website: <http://www.itmati.com/>.
